

pake wa-gateway.biz.id

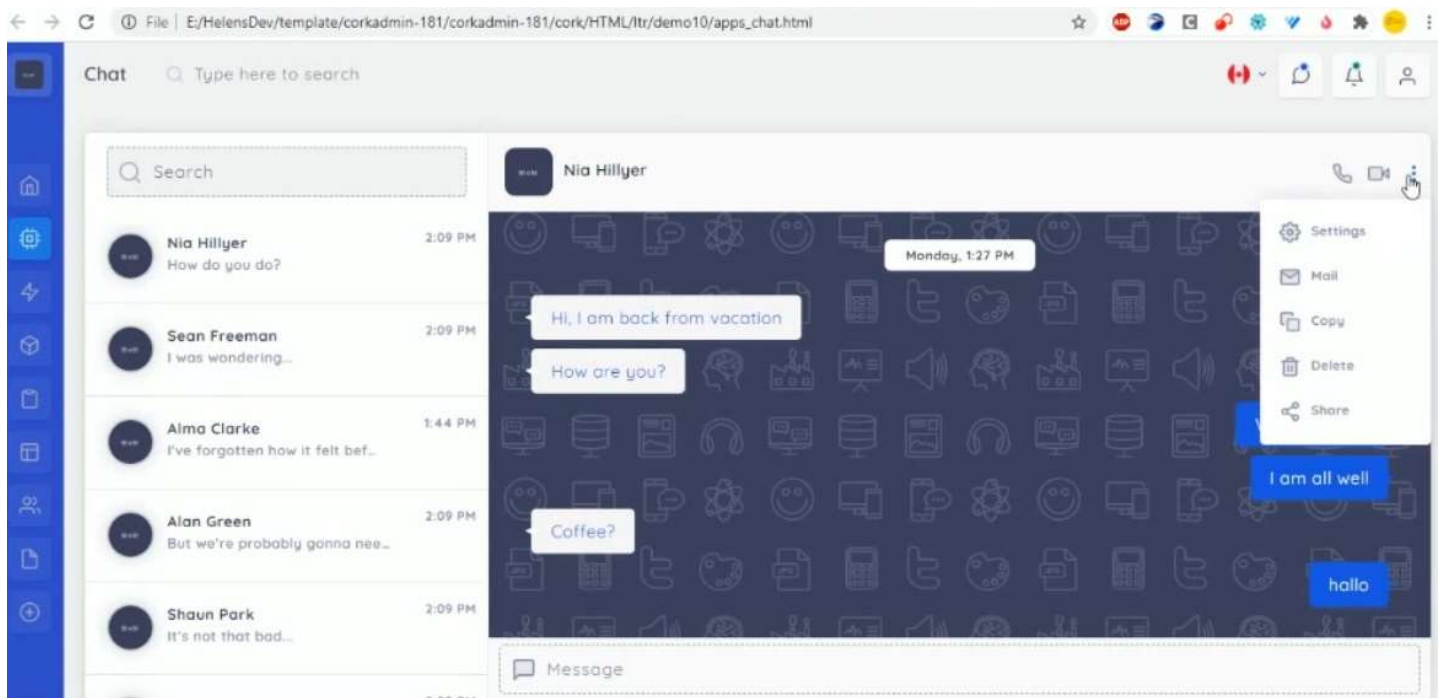

Untuk API WA pake wamateapp dari stoplight

Themenya pakai themesbrand

Nanti tambahin fitur attach file utk file dan gambar.

Nanti utk status progress chat CS ke client pake menu drop down pojok kanan atas (cth list statusnya : start, break, waiting, end chat, review,dll). Sama queue client yg dihandle total jumlahnya muncul di status pojok kanan atas juga (contoh : 12/30).

Contoh API.
